Contact Minesoft on [info@minesoft.com](mailto:info@minesoft.com) or +44(0)208 404 0651 to discuss how PatentArchive can meet your needs.

**PatentArchive** captures essential worldwide intelligence to support your business – a vital component of a competitive intelligence strategy underpinned by patents and internal expertise

- A central location for monitoring, searching, reviewing and sharing patent information
- Allows value-added patent information to be disseminated effectively on a global scale
- Enables key personnel to review highly targeted, pertinent patent records and make better, faster, patent-related decisions
- Encourages collaboration and empowers end-users to engage with patent information more directly
  - Offers the competitive advantages gained by effectively monitoring competitor patent portfolios
  - Allows creation of separate archives to meet the needs of independent business units

Minesoft's PatentArchive empowers you to harness and manage key patent information internally – a streamlined, cost-effective and time-efficient solution.
